Under Sink Mixing Valve

Cover Them All With the Honeywell Home
UMV500 Under Sink Mixing Valve

UMV500

Under Sink Mixing Valve

Meet nearly every code and application.

Forget worrying about code compliance or having the right mixing valve for the job. The Honeywell Home Under Sink Mixing Valve has a simple design that works with both three- and four-port configurations. Plus, it meets a wide range of compliance standards.

Customer safety

- Helps prevent accidental scalding
- Lead free
- Lockable hand wheel for tamper-resistant temperature settings

Code compliant

- ASSE 1070 Listed: Temperature Limiting Devices
- CSA B125.70-15: Standard for Water Temperature Limiting Devices
- CSA Certified/Listed
- IAPMO/UPC Listed
- NSF61/372 Compliant: Drinking Water System Component - Lead Content

Application flexibility

- Under counter and under sink applications
- Designed for use in touchless (three-port) sinks
- Includes adapter for use in four-port configurations

Quick installation

- Includes mounting bracket to fix the valve to the wall
- No tools needed for temperature adjustment
- Unique cap design indicates the direction to set warm or cold water, saving setup time
- Integral check valves in hot and cold inlets
